SCHOLAR-INTERNSHIP MATCH FUND GUIDELINES

PURPOSE
As part of the 2006 Economic Stimulus legislation (Chapter 123 of the Acts of 2006), the Massachusetts Legislature enacted the Massachusetts Scholar-Internship Match Fund (Chapter 29, Section 2UUU of the M.G.L.). The purpose of the Scholar-Internship Match Fund is to provide a match for industry scholarships and internships given to Massachusetts students going on to study for a post-secondary degree at Massachusetts public higher education institutions. Students shall pursue post-secondary degrees and career paths in specific science, technology, engineering and mathematics (STEM) disciplines that link directly related work experience with their academic program. These disciplines do and will directly support the economic development of the Commonwealth by fulfilling the employment needs of business and industry in high-demand fields. The Massachusetts Scholar-Internship Match Fund creates a framework whereby internship and scholarship funds from business, industry and others sources may be deposited as matching resources to enhance student progress toward degrees in fields vital to the Commonwealth.

ELIGIBLE INSTITUTION
An institution within the system of public institutions of higher education, as identified in Section 5 of Chapter 15A of the Massachusetts General Laws.

ELIGIBLE PROGRAM
An undergraduate degree program offered by an eligible institution in high-demand STEM areas, as designated in the Science and Mathematics Access to Retain Talent (SMART) list, exclusive of foreign languages, as developed by the U.S. Department of Education and as amended by the Board of Higher Education.

MAINTENANCE OF ELIGIBILITY
It is the responsibility of each recipient of the Scholar-Internship Match Fund Program to maintain his/her continued eligibility for scholarship assistance and/or internship experience while completing the undergraduate degree program. Recipients must demonstrate continued progress in the academic discipline through an annual submission of the college academic transcript, which will be evaluated by the appropriate official. The recipient is responsible for providing the transcript to the proper official at the Board of Higher Education, as designated, in a timely manner to facilitate continued awarding of the scholarship and/or assigned internship.

SCHOLARSHIP AWARD VALUE
The annual scholarship award to each recipient under this program, which must be matched through the Scholar-Internship Match Fund, shall not exceed $5,000 per student. The scholarship is contingent upon receiving a corresponding industry scholarship or internship of up to the same amount.

AWARD PROCEDURE
The Board of Higher Education shall establish a committee to review and select applicants for the Scholar-Internship Match Fund program and to determine the high-need academic disciplines for this program.

Upon the submission and approval of a valid application, the Board of Higher Education will establish the appropriate combination of scholarship and recommended internship program for each student.

All scholarship funds awarded to applicants under this program will be disbursed to the institution for credit to the student’s account. However, the student must comply with any internship requirements before scholarship funds may be disbursed.
