Notice of Closure Guidelines for Massachusetts Independent Institutions

As an increasing number of Massachusetts institutions of higher education are merging with other institutions or closing completely, the Department of Higher Education has developed a protocol to support the process and to help institutions meet the challenges of closing, such that students are protected and enabled to complete via teach-out plan or transfer to another institution.

Massachusetts law requires closing institutions to notify the Board of Higher Education of its' intention to close "as far as possible in advance" by contacting the Department of Higher Education (DHE). The following Notice of Closure Guidelines must be adhered to by the closing institutions. The Notice of Closure Guidelines are designed to ensure that students are both supported and protected through the institutions final closure and termination date. As such, the DHE should be the first entity notified of an institution's decision to close and the institutional leadership should remain in close communication with DHE throughout the process. [See 610 CMR 2.07(3)(f)(2)].

   b.) An estimated timeline for the closure, the anticipated final termination date, the approximate number of current students enrolled, and
