Major Changes

In revising the Massachusetts Office of Student Financial Assistance Compliance Attestation Guide, the Massachusetts Office of Student Financial Assistance sought to incorporate changes in the two following areas:

☞ Compliance Attestation Report Frequency

As part of its effort to offer regulatory relief to institutions that have “performed” well in their administration of Massachusetts State financial aid programs, the Massachusetts Office of Student Financial Assistance now offers the flexibility to qualified institutions to submit their Compliance Attestation Report of Massachusetts State financial aid programs on an every-third year rotation basis (see pages 2, 3 and 4 of this Guide).

☞ Schedule of State Financial Assistance Expenditures

As part of the new reporting requirements, independent auditors who perform compliance attestation-level reviews of Massachusetts State financial aid programs must now complete a Schedule of State Financial Assistance Expenditures (see Exhibit C of this Guide). In addition, the independent auditor is also required to provide an opinion as to the validity of the information that is represented on the Schedule. The independent auditor may opt to issue any one of the following opinions related to the Schedule of State Financial Expenditures. The three options are as follows:

1. Report on supplementary information in an auditor-submitted document that does not include the basic financial statements and auditor’s report thereon (Exhibit C-2)

2. Audit report on the Schedule of State Financial Assistance Expenditures (Exhibit C-3)

3. Opinion on financial statements and supplementary Schedule of State Financial Assistance Expenditures (Exhibit C-4)

REVIEW PLANNING AND OTHER CONSIDERATIONS

Background Information

Compliance Review Requirement

The Massachusetts Office of Student Financial Assistance (OSFA) has responsibility to provide oversight for all post secondary institutions that participate in the Massachusetts student financial aid programs. OSFA’s oversight role requires that it develop adequate safeguards to ensure that participating institutions are accountable for the proper administration and disbursement of state funds. Traditionally, OSFA had relied upon the auditor’s examination of Federal programs as adequate to infer administrative compliance with the requirements of the state financial aid programs. This Guide has been developed to provide clarification regarding the specific policies and procedures that auditors should follow when performing compliance reviews of these state-sponsored programs. The Guide should be used by independent auditors as an aid in determining institutional compliance with the applicable laws and regulations of the Commonwealth of Massachusetts.

Guidance for Public Institutions of Higher Education in the Commonwealth

Throughout this Guide, there are several provisions and requirements that are applicable only to the public colleges and universities in the Commonwealth of Massachusetts. The references to the public institutions are applicable to the University of Massachusetts, the State Colleges, the Community Colleges, and any other similar institution, which may be created in the future.

Uncoordinated outside audits of public state and community colleges within the Commonwealth could conflict with Chapter 7A, Section 10 of the Massachusetts General Laws. The attestation requirements of this guide are limited to state funds and do not extend to Federal programs. Any request for a separate audit under the Office of Management and Budget Circular A-133 must have prior approval by the Commonwealth’s Office of the State Comptroller. As public institutions follow the requirements of the Guide, they must adhere to the communications and delivery standards set forth by the Office of State Comptroller. Should public institutions have any questions about these communications and delivery standards, please feel free to contact the Deputy Comptroller over Financial Accounting and Reporting or Director, Financial Reporting Bureau, (617) 727-5000.

Relationship to Federal Audit Requirements

To participate in the financial assistance programs administered by the Commonwealth of Massachusetts, institutions must be eligible to participate in the Title IV student financial assistance programs administered by the U.S. Department of Education. Federal audit
requirements specify that participating institutions must annually submit a compliance audit of their administration of the Federal student financial aid programs. For many institutions this audit requirement is satisfied by a Single Audit of the institution under the guidelines established in the OMB Circular A-133. For those institutions exempt from the requirements of the Single Audit Act, the U.S. Department of Education requires a program specific audit of the Federal student financial aid programs. Under the audit guidelines established by the U.S. Department of Education's Office of the Inspector General, program specific audits shall be performed as compliance attestations and shall apply the attestation standards set forth in Statement on Standards for Attestation Engagements (SSAE) No. 3 “Compliance Attestation” as established by the American Institute of Certified Public Accountants (AICPA).

This program review Guide extends the Federal compliance attestation requirement to all institutions that participate in the student financial assistance programs administered by the Massachusetts OSFA. The Massachusetts OSFA, has developed this Guide to assist independent auditors in understanding the required management assertions, compliance requirements and suggested procedures necessary to perform a program specific review of the Massachusetts student financial assistance programs.

Massachusetts State Financial Aid Programs Compliance Attestation Report Frequency

Effective with fiscal years that begin after May 31, 2002, ALL institutions that administer Massachusetts State financial aid programs funds are required to submit a Compliance Attestation Report specific of Massachusetts State financial aid programs on an every third year rotation basis, EXCEPT those that meet any one of the following three conditions:

- Institutions of higher education that administered Massachusetts State financial aid programs funds in fiscal years 2000, 2001, 2002 and submitted Compliance Attestation Reports for those State programs that reported significant findings for any of the above three fiscal years and selected by the Massachusetts Office of Student Financial Assistance to submit a Compliance Report on a yearly basis. Significant findings are defined as those with questioned costs that, in aggregate, total $1,000 or more.

- Institutions that, in prior reports, had internal control weaknesses.

- Institutions identified by the Massachusetts Office of Student Financial Assistance (OSFA) as having specific conditions that can result in the improper administration
of Massachusetts State financial aid programs and, in which case, OSFA requests that the institution submit a Compliance Attestation Report of Massachusetts OSFA programs, on a yearly basis.

In all instances, the Massachusetts Office of Student Financial Assistance (OSFA) reserves the option of requesting institutions or agents acting on OSFA’s behalf to perform a compliance attestation-level review of Massachusetts State financial aid programs at the institution for specific audit year(s), as appropriate.

**Institutions that are eligible to submit a Compliance Attestation Report of Massachusetts State financial aid programs on an every third year rotation basis are nonetheless required to submit copies of any internal or external reports, and/or program reviews (i.e. A-133 Audit, State or Federally conducted program reviews, etc.) on financial aid, that take place at the institution for the rotation years when a Massachusetts State Financial Aid Program specific Compliance Attestation Report is not required by the Massachusetts Office of Student Financial Assistance. Copies of those internal or external reports, and/or program reviews must be submitted to the Massachusetts Office of Student Financial Assistance within thirty (30) days of being available to the institutions.**

The Massachusetts Office of Student Financial Assistance will notify, in writing, each institution that administers State financial aid funds as to whether or not it is exempt from the yearly Massachusetts State financial aid compliance attestation requirement, effective with fiscal years that begin after May 31, 2002, and, thereby, subject to this reporting every third year. Consequently, an institution that is eligible to submit a Massachusetts State financial aid programs specific attestation report on an every third year rotation basis (beginning with fiscal years after 05/31/02), will submit such first report starting with fiscal year 2005. The above notification will be sent to the institution’s President, Chief Fiscal Officer as well as Director of Financial Aid.

An institution that has been selected to submit a Massachusetts State financial aid programs specific Compliance Attestation Report on a yearly basis for audit years beginning after May 31, 2002, will again be re-evaluated at the conclusion of the second subsequent audit year and considered for inclusion in the every third year Compliance Attestation Report submission program.

Likewise, an institution that participates in the every third year reporting rotation program will be evaluated during that third year. If the Massachusetts State financial aid programs Compliance Attestation Report shows significant findings during that third year, the institution will automatically revert to annual submission of the Report and will need two consecutive years of no reporting of significant findings, before it can again return to the every third year rotation.

**Purpose of the Guide**
This Guide has been prepared to assist independent auditors in performing compliance reviews of Massachusetts Student Financial Assistance programs. This revised Guide is effective for OSFA compliance reviews (attestation engagements) for fiscal years beginning after May 31, 2002.

This Massachusetts OSFA requires compliance review reports for all institutions that participate in the:

The OSFA requires that these program compliance reviews be performed in accordance with the standards for audits of the U.S. General Accounting Office’s Government Auditing Standards (1994 Revision) issued by the comptroller general of the United States. These standards, also referred to as the "Yellow Book", relate to audits of government organizations, program, activities, and functions, and of government funds received by contractors, nonprofit organizations, and other non-government organizations. The standards incorporate the AICPA Statements on Auditing Standards for fieldwork and reporting, and prescribe the additional standards needed to meet the more varied interests of users of reports on governmental audits.

These standards are available from the Government Printing Office (GPO), superintendent of Documents, Washington, DC 20401.

Objectives

The OSFA compliance attestation objectives are:

- To determine and report whether the institution's management's assertions relative to compliance with specific compliance requirements in this Guide are fairly stated in all material respects (institutional eligibility and student eligibility, disbursements, reporting and refunds).

- To assist OSFA in meeting its responsibilities by addressing instances of material noncompliance and internal control weakness and providing adequate information for OSFA to use to initiate action.

This Guide requires an examination-level attestation engagement relative to the institution's management's assertions about certain compliance aspects related to OSFA program participation. The refore, in addition to applicable standards contained in the Government Auditing Standards, the Statements on Standards for Attestation Engagements (SSAE) No. 3, Compliance Attestation, issued by the American Institute of Certified Public Accountants (AICPA) also applies.
This Guide is intended to be used by **ALL** institutions that administer Massachusetts OSFA funds, **EXCEPT**:

- Institutions of higher education that expend a total amount of Massachusetts State financial assistance program funds equal to, or less that $25,000, or such other amount specified by the Chancellor in any fiscal year.
- Institutions located in a state other than Massachusetts and which do not provide programs within Massachusetts to recipients of Massachusetts OSFA funds.

**Disclaimer**

This Guide is not intended to be a complete manual of procedures, nor is it intended to supplant the independent auditor’s judgment of the work required. Suggested procedures described may not cover all circumstances or conditions encountered at a particular institution. The independent auditor should use professional judgment and due care to tailor the procedures so that the compliance attestation engagement objectives are achieved. However, the independent auditor must address all applicable management assertions contained in this Guide.

In performing compliance reviews of Massachusetts State Financial Assistance Programs, the independent auditor shall have available, in addition to this OSFA Student Financial Assistance Attestation Guide, a fiscal year specific copy of Massachusetts State Financial Assistance Programs Guidelines and Procedures, as well as any and all relevant "Dear Colleague" letters published by OSFA.

**Engagement Periods and Report Due Dates**

The annual period to be reviewed coincides with the fiscal year end of the institution. For **public institutions**, this is the fiscal year ending June 30.

- Compliance is based on the institution's fiscal year and includes examining and reporting on the institution management's assertions about compliance with specified Massachusetts laws and regulations, in accordance with SSAE No. 3 and Government Auditing Standards.

- Compliance attestation reports are due six months following the fiscal year end, unless otherwise agreed upon in writing by the Massachusetts Office of Student Financial Assistance.

**Matters Requiring Immediate Attention**

**Irregularities or Illegal Acts**

Professional standards require independent auditors to design and perform procedures to provide reasonable assurance of detecting significant illegal acts. Independent auditors should be aware of fraud or high-risk indicators, recognizing basic weaknesses in internal control and performing sufficient substantive tests. The independent auditor should avoid
performing review steps mechanically (auditing form over substance) and accepting explanation for review exceptions without question.

Authoritative guidance on detecting fraud and illegal acts is extensive. The auditor should be extremely well informed of the responsibility for accepting the engagement and the detection of errors, irregularities and illegal acts by clients. For supplemental guidance, see the Government Auditing Standards and Statement on Auditing Standards (SAS) No. 53 and No. 54, entitled, The Auditors Responsibility to Detect and Report Errors or Irregularities and Illegal Acts by Clients, respectively.

The independent auditor should promptly prepare a separate written report concerning such acts or indications of such acts. This report should be submitted to the Massachusetts Office of Student Financial Assistance at the address below within 30 days after the date of discovery of the acts. In addition, public institutions should submit a copy of this report to the Office of the State Comptroller and the Office of the State Auditor. If the independent auditor decides to explore further the indications of such acts to determine the size and seriousness of the situation, the report should be submitted within 30 days after the independent auditor has completed the additional work.

Reports should be mailed to:

Massachusetts Office of Student Financial Assistance  
Compliance Attestation Division  
454 Broadway, Suite 200  
Revere, Massachusetts 02151

In addition, public institutions should send copies to:

Office of the State Comptroller  
Director, Financial Reporting  
1 Ashburton Place, 9th Floor  
Boston, Massachusetts 02108

Office of the State Auditor  
1 Ashburton Place, 18th Floor  
Boston, Massachusetts 02108

Also, public institutions are required under Chapter 647 of the Acts of 1989, to immediately report all unaccounted for variances, losses, shortages or thefts of funds or property to the Office of the State Auditor, using a form provided by that office.

**Auditor Qualifications**

The independent auditor must meet the qualification and independence standards specified in Government Auditing Standards, including continuing education requirements. Internal auditors of an institution are not independent while auditing
within it. However, the independent auditor may consider the work of the internal auditors in performing the examination-level compliance attestation engagement.

*Government Auditing Standards* require the independent auditor and audit firms to comply with applicable provisions of the public accountancy law and rules of the jurisdiction in which they are licensed and where the engagement is being conducted. If the institution is located in a state outside of the home state of the independent auditor, and the independent auditor performs substantial field work in the institution’s state, the independent auditor should document his/her compliance with licensing requirements of the public accountancy laws of that state. This *Guide* does not impose additional licensing requirements beyond those established by the individual State Boards of Accountancy.

**Planning Considerations**

**Engagement Letter**

An engagement letter between the institution and the independent auditor shall be prepared and must include the following:

- A statement that the compliance attestation engagement is to be performed in accordance with SSAE No. 3, *Government Auditing Standards*, and this *Guide*;

- A description of the scope of the engagement and the related reporting that will meet the requirements of this *Guide*;

- A statement that both parties understand that OSFA intends to use the independent auditor’s report to help carry out its oversight responsibilities with respect to the Massachusetts Student Financial Assistance programs; and

- A provision that the independent auditor is required to provide OSFA, and their representatives access to working papers (including making photocopies, as necessary). [The independent auditor should refer to AU Section 9339, "Interpretations of AU Section 339 "Working Papers," of the AICPA Professional Standards for guidance.] For public institutions of higher education in the Commonwealth, the Office of the State Auditor has access to the working papers under Chapter 11, Section 12 of the Massachusetts General Laws. The Office of the State Comptroller, in the course of the Commonwealth’s audit, may request working papers from the institution.

- A statement that the attestation engagement is to be performed in accordance with SSAE ("Statements on Standards for Attestation Engagements") 3, *Government Auditing Standards*, and this *Guide*.

**Follow-up on Prior Review Findings**
The independent auditor should review prior review findings, including previous auditor’s reports and licensing agency reports. If there are no prior years compliance review reports, provide a statement to that effect.

Site Visits

A substantial portion of an institution’s records and processes may be at another location, yet enrollment/financial aid application processes and attendance monitoring are generally located at the institution. In order to obtain an understanding of the related internal control structure and to assess control risk, the processes that take place at the institution must be observed. Therefore, the independent auditor must perform compliance review procedures at the institution either during the review or during the review period. There should be a visit to every location in the first year of an engagement. For a cyclical approach to be accepted, each location should be visited at least once every two years.

Corrective Action Plan

OSFA requires an institution to submit an applicable corrective action plan (CAP) as part of its compliance attestation report package. In the CAP, which must be on the institution’s letterhead, institution officials must provide a statement of concurrence or non-concurrence with the independent auditor’s findings and must describe the corrective actions taken or planned. In addition, the institution must comment on the status of corrective action taken on prior review findings. Compliance attestation reports submitted without an applicable CAP are incomplete and will be returned to the institution.

Compliance Attestation Engagement

The compliance attestation engagement must be performed as an examination level engagement in accordance with SSAE No. 3 and Government Auditing Standards. Management’s written assertions are the basis for the independent auditor’s testing and therefore are an integral part of the engagement. Such assertions normally should be obtained from management in a letter of representation to the independent auditor. The independent auditor should also obtain management’s written representations as discussed in paragraph 70 of SSAE No. 3.

The institution is responsible for all assertions in this Guide even if the institution contracted with an outside provider to perform certain of the compliance activities covered by this Guide. Institutions shall maintain, or have access to sufficient documentation to make the required assertions described in this Guide. Institutional eligibility, student eligibility, disbursements to students, reporting requirements and refund documentation originates at the institution. If necessary, documentation should be obtained from the outside provider so management can make the required assertions. Scope limitations because of management’s refusal to provide the assertions required by this Guide may result in termination of the institution’s participation agreement for non-
compliance. SSAE No. 3 paragraph 71 discusses the independent auditor's responsibility when management refuses to furnish all appropriate written representations.

Consideration of Internal Control Structure Over Compliance

Overall guidance for the consideration of the internal control structure in an examination-level attestation engagement is provided in Government Auditing Standards and in paragraphs 44-46 of SSAE No. 3. Paragraph 44 of SSAE No. 3 states that the independent auditor should obtain an understanding of relevant portions of the internal control structure over compliance sufficient to plan the examination engagement and to assess control risk for compliance with the specified requirements. The independent auditor must document this understanding and his assessment of control risk. In planning the engagement, the independent auditor should be aware that OSFA programs may be administered by more than one organizational component within the institution and that each component may maintain a separate or different internal control structure, policies, or procedures for ensuring compliance.

Material Weakness and Reportable Conditions

During an examination-level attestation engagement, the independent auditor may become aware of reportable conditions or material weaknesses in the institution's internal control structure over compliance.

A reportable condition is a significant deficiency in the design or operation of the internal control structure over compliance that could adversely affect the institution's ability to comply with the specified requirements.

A material weakness is a reportable condition in which the design or operation of the internal control structure does not reduce, to a relatively low level, the risk that noncompliance with one or more specified requirements could occur, and not be detected within a timely period by employees in the normal course of performing their assigned functions.

The independent auditor's responsibility to communicate these deficiencies in an examination of management's assertion is similar to the independent auditor's responsibility described in SAS No. 60. However, this Guide requires all communications of reportable conditions and material weakness in the internal control structure over compliance to be in writing and requires the independent auditor to include a copy of such report(s) in the independent auditor's reporting package.

Except for disclosing reportable conditions and material weakness as described above, no other reporting on the internal control structure over compliance is required. The Government Auditing Standards requirement for a report on internal controls based on performing a financial-related audit does not apply.

Materiality
Paragraph 35 of SSAE No. 3 provides guidance on the independent auditor's consideration of materiality as it relates to each separate management assertion about compliance. Materiality for purposes of compliance assertions differs from materiality for financial reporting purposes. Accordingly, materiality relates to each separate management assertion about compliance. The independent auditor should consider the materiality of management's assertions in the context of total OSFA funding or individual attribute. Ultimately though, materiality requires professional judgment on the part of the auditor. Such judgments however, should take into account the minimum reporting requirements of noncompliance as established by this Guide.

**Reporting Noncompliance**

This Guide requires that all known or likely errors that, in aggregate, total $1,000, or more, as identified by the institution's management in its assertions or by the independent auditor during his/her engagements, be reported as a finding in the Schedule of Findings and Questioned Costs. This applies even in those cases where corrective action was taken by the institution after the examination period.

**Compliance Attestation Reporting**

The institution shall transmit the institution's compliance reporting package and corrective action plan to:

Massachusetts Office of Student Financial Assistance  
Compliance Attestation Division  
454 Broadway, Suite 200  
Revere, Massachusetts 02151

In addition, public institutions should send copies to:

Office of the State Comptroller  
Director, Financial Reporting  
1 Ashburton Place, 9th Floor  
Boston, Massachusetts 02108

Office of the State Auditor  
1 Ashburton Place, 18th Floor  
Boston, Massachusetts 02108

The institution's report package must include the following:

- Report on management's assertions on compliance
- Schedule of Massachusetts State financial aid expenditures
- Opinion related to the Schedule of State Financial Assistance Expenditures
- Schedule of Findings and Questioned Costs, or a statement that there were "No
Findings

- Comments on resolution matters of prior findings
- Reportable conditions or material weakness
- Reports on illegal acts

**Future Revisions**

As revisions to certain auditing standards occur, the auditor must modify his or her professional performance to meet the revised standards.

OSFA may periodically revise the program compliance requirements. The auditor is responsible for assuring that he/she is using the most current version of this *Guide*.
Compliance requirements and management's assertions

Introduction

☞ Sets forth the minimum standards, which are the subject of management's written compliance assertions;

☞ Describes the related compliance requirements; and

☞ Provides guidance on the general approach the independent auditor should consider in designing and carrying out procedures in his or her examination of management's written assertions.

The suggested procedures in this section are not intended to be a complete set of procedures to satisfy the engagement objectives, nor are they intended to supplant the independent auditor's judgment about the testing necessary for he or she to report on management's assertions.

Preparation

Auditor should be familiar with relevant statutes and sections of Massachusetts General Laws to obtain a complete understanding of the compliance requirements. Specific requirements may change periodically.

To perform the engagement, the independent auditor should obtain, read or have available:

☞ Massachusetts General Laws, Chapter 15A § 9B, §9 (cc), § 9 (ee), §. 16, and §. 19. Chapter 30 § 42.
☞ Massachusetts Student Financial Assistance program guidelines, policies and procedures
☞ Any relevant OSFA or Board of Higher Education "Dear Colleague" letters
☞ Other practitioners reports
☞ Regulatory agency's reports

The institution's

☞ Management representation letter
☞ Policy Manuals
☞ Accounting Manuals
☞ Relevant Memorandums
☞ Procedural Write-ups
☞ Flowcharts
☞ Internal auditor's reports
☞ For public institutions, reports from the Office of the State Auditor
Institutional Eligibility

Required Management Assertion

"[Institution] complied with the institutional eligibility and participation requirements listed in the Massachusetts OSFA Student Financial Assistance Attestation Guide."

Compliance Requirements

To participate in the Massachusetts student financial assistance programs, an institution must be an eligible private, public, independent, for profit or nonprofit institution of higher education issuing associate and/or bachelor's degrees, or certificate programs or graduate programs, and must have:

- A valid Participation Agreement issued by the Massachusetts Office of Student Financial Assistance.

- An accreditation letter from its accrediting agency evidencing that the institution is fully accredited and that the institution's accreditation is in force as of the date of execution of the Participation Agreement and has remained in force since.

- A valid U.S. Department of Education Institutional Approval Notice that lists approved locations and eligible programs under the Title IV student financial assistance program.

- Been licensed to conduct business or programs by the jurisdiction/agency in which it is located.

- Notified the Massachusetts Office of Student Financial Assistance within ten (10) days, in writing, of any change in ownership, consolidation, or dissolution, or any other transfer, suspension or discontinuance of any facility, branch or location where notification is required under Federal law or regulation pursuant to the institution's participation in Federal Title IV programs.

In addition to meeting the general provisions set forth in the institution's Participation Agreement, the institution must be in compliance with all laws, policies and guidelines specific to any financial assistance program established by the Office of Student Financial Assistance and the Commonwealth of Massachusetts that the institution participates in.

Specific institutional eligibility requirements for other OSFA programs are included in Appendix A of this program Student Financial Assistance Attestation Guide.
Suggested Procedures

a) Obtain an understanding of the institution's procedures for ensuring compliance with institutional eligibility and participation criteria.

b) Obtain and inspect the Institution's OSFA Participation Agreement

   1) Determine that the institution is properly authorized to participate in the Massachusetts State financial assistance programs that it offers.

c) Obtain and inspect the Institution's *Institutional Approval Notice* to participate in the Federal Title IV student financial assistance programs.

   1) Determine that the institution is eligible and authorized to participate in the Title IV student financial assistance programs.

d) Test graduated students' academic records to determine that educational programs were offered and were conducted in accordance with eligible program guidelines.

e) Obtain and inspect the following to determine that the institution was in compliance with its accreditation agency(s):

   1) The accreditation letter from the institution's accrediting agency covering the current award period.

   2) Any additional correspondence from the accrediting agency.

f) Make inquires of institution's management and obtain, as part of the management representation, written representation that the institution:

   1) Notified OSFA of any changes in ownership, consolidation, or dissolution, or any other transfer, suspension or discontinuances of any facility, branch or location where notification is required under Federal law or regulation.
Student Eligibility

Required Management Assertion

"[Institution] complied with the student eligibility compliance requirements listed in the Massachusetts OSFA Student Financial Assistance Attestation Guide."

Massachusetts OSFA Program Descriptions

Massachusetts Assistance for Student Success Program

1. MASSGrant (General Scholarship Program)
   MASSGrant is a grant assistance program funded by appropriations from the Massachusetts State Legislature in accordance with Massachusetts General Laws, Chapter 15A, Section 16. The MASSGrant program provides need-based financial assistance to undergraduate students who reside in Massachusetts and who are enrolled in and pursuing a program of higher education in any approved public or independent college, university, school of nursing, or any other approved institution furnishing a program of higher education. The MASSGrant provides financial assistance to Massachusetts students demonstrating the greatest financial needs.

2. Gilbert Matching Scholarship
   The Gilbert Matching Scholarship makes funds available to participating Massachusetts's independent institutions of higher education and schools of nursing. At least one hundred percent must be used for direct financial assistance to needy Massachusetts undergraduate students to enable such students to attend or continue to attend such institutions.

3. Christian A. Herter Memorial Scholarship Program
   The Christian Herter Memorial Scholarship program offers scholarship to twenty-five students annual of extraordinary need and ability selected in the tenth or eleventh grades by persons or agencies designated by the Board of Higher Education and set forth under the regulations of this program.

4. Part-Time Grant Program
   The Part-Time Grant program is a grant assistance program that provides need based financial assistance to part-time students who reside in Massachusetts and who are enrolled in a program of higher education in any approved public, private, independent, for profit or nonprofit, institution in the Commonwealth of Massachusetts.

5. Cash Grant Program
   The Cash Grant program is designed to assist needy students in meeting institutionally-held charges such as mandatory fees and non-state-supported
tution. It is a complementary program to the Need-Based Tuition Waiver Program for the purpose of providing financial support to those individuals who would be denied the opportunity for higher education, without such assistance.

6. **Public Service Scholarship Grant Program**
   The Public Service Scholarship program is a non-need based grant program that has been established to provide educational opportunity to the family members upon the loss of a parent and or spouse who is killed or missing in the line of public service duty in the Commonwealth of Massachusetts.

7. **No Interest Loan Program (NIL)**
   The NIL program is designed to provide eligible, needy Massachusetts residents attending post-secondary educational institutions in Massachusetts with a state-funded loan. Administered by the Massachusetts Office of Student Financial Assistance, the NIL program offers zero interest loans to assist in meeting educational costs. Students have a maximum of ten (10) years to repay their NIL loan(s).

8. **Performance Bonus Grant**
   The Performance Bonus Grant provides need-based, meritorious financial assistance to the neediest undergraduate students who reside in Massachusetts and who are enrolled in and pursuing a program of higher education in any approved public or independent college, university, school of nursing, or any other approved institution furnishing a program of higher education. Students must be eligible to receive a MASSGrant and must have achieved a cumulative grade point average of 3.0, prior to the semester for which award is being made.

9. **Tomorrow's Teachers Scholarship**
   The 1999 Massachusetts Legislature created the Tomorrow's Teachers Scholarship Program to meet the increasing demand for top quality teachers for the Commonwealth of Massachusetts' public schools. This special program offers scholarships to academically talented high school students who wish to pursue teaching as a career. Four-year scholarships are awarded to qualifying students who plan to attend Massachusetts public colleges and universities, and who agree to teach for four years in Massachusetts public schools, upon graduation from college.

10. **Massachusetts Foster Child Grant**
    The Massachusetts Foster Child Grant provides financial assistance to foster children in state custody who were neither adopted or returned home and are attending post-secondary institutions in the Commonwealth of Massachusetts or the continental United States. Students who are eligible for the Massachusetts Foster Child Grant can receive a maximum of $6,000 per academic year for not more than 5 consecutive years. In all cases, awards must be made as “last dollar” grants, with eligibility
determined after consideration of all other state, federal and institutional scholarship and grant resources.

11. Paraprofessional Teacher Preparation Grant
The Paraprofessional Teacher Preparation Grant is designed to encourage and assist paraprofessionals who wish to become certified to teach full-time in Massachusetts’s public schools. Students who are eligible under the program can receive up to $500 per credit at a public university (not to exceed $6,500 per academic year); up to $350 per credit at a public four-year college (not to exceed $5,000 per academic year); $250 per credit at a public two-year college (not to exceed a maximum of $3,500 per academic year).

12. The Tuition Waiver Program
The Tuition Waiver program is designed to provide financial support to those individuals who would be denied the opportunity for higher education at Massachusetts public colleges and universities, without such assistance. Over the years, tuition waivers have been utilized as supplemental scholarships in campus-based financial aid packaging strategies. The single Tuition Waiver program consists of several components designed to ensure maximum access for Commonwealth residents and provide incentives for improving student quality and institutional collaboration as follows: need based waivers, categorical waivers, graduate tuition waivers, and additional categories of waivers as approved by the Board of Higher Education.

Compliance Requirements

A grant, loan or tuition waiver award may be made only to a recipient who meets the following requirements:

❖ Is eligible to receive a Pell Grant and/or other Federal Title IV student financial assistance.

❖ Has met the Institution’s and the financial assistance program’s enrollment requirements.

❖ Is an undergraduate student enrolled in an eligible course or in the process of attaining either an associate, certificate or a bachelors degree.

❖ Has not received a first bachelors degree except for specific programs providing financial assistance to graduate students.

❖ Is a resident of the State of Massachusetts for at least one year prior to the opening of the traditional academic year, and is a U.S. citizen or non-citizen eligible under Title IV regulations.

❖ Has financial need and is eligible under the Federal need analysis criteria unless the
specific program is not need based, or is otherwise designated.

Has his or her enrollment status, as defined in the program, certified to the Massachusetts Office of Student Financial Assistance by the Institution.

Is maintaining satisfactory academic progress according to institutional definitions and Federal Standards.

Is in compliance with the requirements of the Military Selective Service Act or has been excused therefrom.

Is not in default of any Federal or State loan for attendance at an institution.

Does not owe a refund for any previous financial assistance received.

Institutions must coordinate the OSFA programs with the other Federal and non-Federal student financial assistance programs it administers and must establish controls to preclude awarding assistance in excess of students' financial aid need.

**Suggested Procedures**

1. Review, evaluate, and document the institution's procedures for determining student eligibility.

2. Select a representative sample of student files and test to determine whether selected students were eligible for the Massachusetts student financial assistance programs for which they received awards. Representative samples should include all forms of state financial assistance awarded by the institution.

3. Obtain and inspect student academic files, financial aid files and other files to determine if the student:

   (a) Is eligible to receive Title IV student financial assistance;

      (1) Is a regular student enrolled or accepted for enrollment in an eligible program for at least the minimum required number of credits or the equivalent;

      (2) Is a U.S. citizen or eligible non-citizen;

      (3) Has financial need (as defined);

      (4) Has total financial assistance, including Federal and State aid as well as other outside sources, that does not exceed financial need;

      (5) Has calculated expected family contribution that complies with Federal regulations;
(6) Has a cost of education that agrees with the appropriate student budget established by the institution, or otherwise documented;

(7) Does not owe a refund for any previous financial aid received;

(8) Is not in default of any student loans;

(9) Is maintaining satisfactory progress (as defined);

(10) Is in compliance with Selective Service Registration;

(11) Has a correct Social Security Number;

(12) Has a high school diploma or general equivalent diploma;

(13) Is above the age of compulsory attendance in the Commonwealth of Massachusetts;

(14) Has Ability to Benefit;

(15) An undergraduate student has completed a Free Application for Federal Student Aid and received a SAR;

(b) Has not received a first bachelors degree except for specific programs providing financial aid to graduate students;

(c) Is a resident of Massachusetts for at least one year prior to the opening of the traditional academic year;

(d) Is attending an eligible post secondary institution in Massachusetts or an approved out of state institution;

(e) Has, if applicable, provided all necessary documentation to complete verification;

(f) Has all required financial aid transcripts on file, or the equivalent; and

(g) Has his or her enrollment status, as defined in the program, certified to the Massachusetts Office of Student Financial Assistance by the Institution.

4. Determine that the student is not in default of any Federal or State loan.

(a) For Federal loans, obtain and review Student's Institutional Student Information Report record (ISIR), Verify that non default status has been documented.

(b) For State loans, obtain all reports of Current No Interest Loan Defaults and verify
that state financial assistance program awards had not been disbursed to a State loan defaulter’s student account after the institution had been notified of the student’s default status.
Reporting

Required Management Assertion

"[Institution] complied with the reporting requirements listed in the Massachusetts OSFA Student Financial Assistance Attestation Guide."

Compliance Requirements
Institutions receiving OSFA funds are required to ensure that reports contain reliable information and are prepared and submitted in accordance with the applicable program guidelines.

Reports required for attestation reporting:

For all Programs:
The institution shall submit annually, by July 31, or otherwise specified by OSFA, account reconciliation for all state financial assistance programs that the institution participates in. In addition, the institution shall provide data to OSFA and the Board for Higher Education in response to information requests concerning administration and evaluation of financial assistance available to the institution’s students.

For Grant Programs:
The institution shall be required to furnish to the Chancellor annually, by August 31st, or otherwise specified by the Massachusetts Board of Higher Education, a report detailing the total amount of grant program funds received and expended, the total number of grant awards made to students, and the average grant award made to eligible students.

Tuition Waiver Program
The institution shall, for each program requiring such a report, complete annually, by August 31st, or unless otherwise specified by OSFA, a report detailing the number and characteristics of tuition waiver recipients.

Suggested Procedures

1. Review, evaluate and document procedures for reporting amounts and disclosures provided in:
   (a) Annually Reconciliation Report
   (b) Response to Information Request
   (c) Grant Award Information
   (d) Waiver Information Report

2. Obtain and inspect the required reports.
   (a) On a test basis determine that the institution performed the required reconciliation and disclosure procedures and submitted the report in a timely manner.
(b) For unmatched and mismatched amounts determine that the institution performed the following:
(1) Promptly researched and reconciled detailed records; and
(2) Transmitted corrections to OSFA.
Disbursements

Required Management Assertion

"[Institution] complied with the disbursement compliance requirements listed in the OSFA Student Financial Assistance Attestation Guide"

Compliance Requirements

☞ The independent auditor shall review student’s accounts to ensure that awards from the State financial assistance programs are properly disbursed.

☞ The institution’s records shall reflect all disbursement transactions accurately and identify disbursements by OSFA program.

Payment Periods

Awards are generally made as a component of the student's total financial aid package. Institutions are required to make at least two disbursements, or unless otherwise permitted under the program, during the traditional academic year. Students must continue to meet eligibility criteria following the initial disbursement to be eligible to receive subsequent disbursements. Awards may not exceed a student's demonstrated financial need, unless otherwise designated. Specific Program Requirements are:

☞ Massachusetts Assistance for Student Success Program
  MASSGrant Program, Gilbert Matching Grant Program, Part-Time Grant Program, Need Based Cash Grant and Performance Bonus Program are disbursed to the institution in two equal payments corresponding to the fall and spring semesters of the traditional academic year. Students must continue to meet all eligibility criteria as certified by the institution. Should the student discontinue enrollment during the academic year, the institution shall apply Federal Title IV refund policies to State financial assistance programs.

☞ Christian A. Herter Memorial Scholarship Program, Public Service Grant Program and Tomorrow’s Teacher Scholarship Program
  Pre-payment in the amount of the total award for each semester will be mailed to each institution under separate cover.

☞ The Tuition Waiver Program
  Tuition Waivers are awarded as a component of the students financial aid package.

☞ No Interest Loan
  (a) Student should not be in default of any Federal or State loan.
  (b) Shall be at least (2) disbursements.
  (c) Single disbursement if current date is greater than loan period end date; or, loan period is less than 155 days in length.
(d) Subsequent disbursements must occur on or after previous disbursement date.
(e) Disbursements must be whole dollar amounts determined by dividing loan amount by the number of disbursements.
(f) Loan increases within a loan period are considered new loans.
(g) Late disbursement of an existing loan may occur up to 45 days from the borrower’s last date of enrollment.

**Disbursement Period**

First disbursement
Current date, if less than or equal to 20 days prior to start of loan period; otherwise 20 days prior to start of loan period, in all other cases.

Second disbursement (no 3rd disbursement)
If current date is less than or equal to 20 days prior to midpoint of loan period, then disbursement date is 20 days prior to midpoint of loan period. Otherwise current date is the disbursement date. At no time shall second disbursements occur prior to first disbursement.

Second disbursement (3rd disbursement selected)
If current date is than or equal to 20 days prior to 1/3 point of loan period, then disbursement date is 20 days prior to 1/3 point of loan period. Otherwise current date is the disbursement date. At no time shall second disbursement occur prior to first disbursement.

If current is less than or equal to 20 days prior to 2/3 point of loan period, then disbursement date is 20 days prior to 2/3 point of loan period. Otherwise current date is the disbursement date. At no time shall third disbursement occur prior to second disbursement.

**Suggested Procedures**

Review, evaluate and document procedures for
- (a) Completing loan applications
- (b) Recording financial transactions
- (c) Disbursing funds by payment periods and within timeframes and restrictions
- (d) Conducting entrance and exit counseling
- (e) Identifying credit balances in student accounts
- (f) Identifying students in default of State loans and adjusting awards accordingly

Using the same representative sample selected to test student eligibility determine that payments are properly calculated and disbursed according to the program requirements. Obtain and inspect student academic and financial aid files, student accounts and attendance records and test to determine:

That the institution DID NOT:
- (a) Release funds or credit a student account for a student on a leave of absence.
(b) Make a second and or subsequent disbursement prior to the initial disbursement date.

That the institution:
(a) Has a completed and signed promissory note for Massachusetts No Interest Loans.
(b) Performed and documented required entrance and exit counseling.
(c) Has adjusted loans, as necessary, in cases where students have been identified as being in default.
Refunds

Required Management Assertion

"[Institution] complied with the refund requirements listed in the Massachusetts OSFA Student Financial Assistance Attestation Guide"

Compliance Requirements

Massachusetts Grant Programs

Refunds to OSFA may be due as a result of adjustments to EFC, change in dependency status, transfer, withdrawal, dropping below full time status, or an approval leave of absence.

- State financial aid programs refund policy shall be used in determining percentage and amount to be refunded to State programs.

- Refunds should be made, in the timeframe specified within OSFA program guidelines or, in a timely manner. Refunds should be made to OSFA and accompanied by a completed refund form.

Massachusetts No Interest Loan Program

- Institutions are expected to refund all or any portion of Massachusetts No Interest Loan disbursements that were not applied by the recipient to educational expenses during the academic year.

- If a student becomes ineligible as a result of a change in enrollment status, NIL loan proceeds shall be returned to OSFA within 30 days.

Suggested Procedures

Review, evaluate and document procedures for:

(a) Identifying students who either were or should have been identified as withdrawn, dropped, terminated or on leave of absence.
(b) Assuring that refunds are repaid to OSFA in a timely manner.

Using the same representative sample selected to test student eligibility and disbursements determine that refunds were properly calculated and disbursed according to the program requirements. If the representation sample does not include a sufficient number of students who withdrew, dropped, terminated or on leave of absence, then select additional students from a combined list of the above categories to arrive at an adequate sample. Obtain and inspect students’ academic and financial aid files, student
accounts, attendance records and cancelled checks. Determine if the enrollment status of any of the students in the representative sample is indicative of a refund.

For each student identified as due a refund:
   (a) Determine the amount that should have been refunded.
   (b) Compare refund payments made to calculated amounts.
   (c) Determine that refunds were properly paid to OSFA or to students within the timeframes established by law or regulation.

Report on supplementary information in an auditor-submitted document that does not include the basic financial statements and auditors’ report thereon

Independent Auditors’ Report on Supplementary Information

Addressee
(Name of Entity):

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of (name of entity) as of and for the year ended (date), and have issued our report thereon dated (date).

Our audit was made for the purpose of forming an opinion on the basic financial statements of (name of entity) taken as a whole. The supplementary information included in Exhibit C-1 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Board of Higher Education of the Commonwealth of Massachusetts, [for public colleges add – the Office of State Auditor and the Office of the State Comptroller of the Commonwealth of Massachusetts], and the audit committee and management of (name of entity), and is not intended to be and should not be used by anyone other than these specified users.

(Date)
Audit report on the schedule of state financial assistance expenditures

Independent Auditors’ Report

Addressee
(Name of Entity):

We have audited the accompanying schedule of state financial assistance of (name of entity) for the year ended (date). This schedule is the responsibility of (name of entity)’s management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in that schedule. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall schedule presentation. We believe that our audit of the schedule of state financial assistance expenditures provides a reasonable basis for our opinion.

In our opinion, the schedule of state financial assistance expenditures referred to above presents fairly, in all material respects, the state financial assistance of (name of entity) for the year ended (date), in conformity with accounting principles generally accepted in the United States of America.

(Date)
Opinion on Financial Statements and Supplementary Schedule of State Financial Assistance Expenditures

Independent Auditors’ Report

Addressee (Name of Entity):

We have audited the accompanying statement of financial position (statement of net assets) of (name of entity) as of (date), and the related statements of activities (revenues, expenses and changes in net assets) and cash flows for the year then ended. These financial statements are the responsibility of Example NFP’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of (name of entity) as of (date), and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated (date) on our consideration of (name of entity)’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of state financial assistance expenditures is presented for purposes of additional analysis as required by the Massachusetts Office of Student Financial Assistance Compliance Attestation Guide, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

An institution may retain such records for a period of five years if approval is received from the Records Conservation Board in accordance with General Laws, Chapter 30, Section 42.</td>
<td>In all cases, funds must be awarded as &quot;last dollar&quot; grants, with eligibility determined after consideration of all other state, federal and institutional scholarship and grant resources. Institutions may not use the Foster Child Grant to supplant other state, federal or institutional aid previously awarded to the student. Whenever possible, institutions are encouraged to use the Foster Child Grant to reduce student education loan debt.</td>
<td>The Board of Higher Education will annually review public university and college tuition and fee charges and adjust the program and values, as it deems necessary.</td>
