

STEM Starter Academy

2-to-4 Summer Transfer Bridge Program

2019 APPLICATION

INSTRUCTIONS

Congratulations on your decision to continue your studies in STEM! The Massachusetts Department of Higher Education and public colleges and universities have partnered together to support summer bridge STEM programs for students transferring from the community colleges to a Massachusetts 4-year institutions.

Programs are being offered at all of the public 4-year institutions that offer STEM baccalaureate degrees. You should apply to participate in the bridge program at the institution that you will be attending in Fall 2019. Please refer to the Transfer Bridge Program website to review program dates, program information, deadlines and contact information for the program that you will be applying to for Summer 2019. It is your responsibility to make sure that you are sending the application to your program by the deadline listed on the website (note: the deadlines differ by institution).
