Chairman Gabrieli began by stating the purpose of the meeting and invited Commissioner Carlos Santiago to introduce the motion.

Commissioner Santiago welcomed everyone to the Special BHE Meeting and began with introductions. All of the members present introduced themselves and their associated institutions. Commissioner Santiago then introduced BHE Motion

16-06 which is seeking the BHE's approval of the recommended appointment of Dr. David Podell as MassBay Community College's next president. Commissioner Santiago stated that he extended the opportunity to BHE members to participate in finalist interviews and both the Executive Office of Education and the DHE were involved in interviewing all of the finalists. The Commissioner noted that Deputy Commissioner for Administration and Finance, Sean Nelson, was the DHE staff representative on this presidential search committee and thanked him for his service. Additionally, he noted that the search did operate under the BHE's presidential search and selection guidelines. The Commissioner concluded his remarks by stating that the search committee put together a solid pool of candidates and that he supports the recommendation made by the Massachusetts Bay (MassBay) Board of Trustees and turned the meeting over to MassBay Board of Trustees Chairman, Thomas Peisch.

Chairman Thomas Peisch began by providing an overview of the presidential selection process, highlighting the selection of the search committee, position profile approval, search consultant work, and the review of potential candidates. The search was narrowed down to three finalists, one of whom withdrew. The search concluded when the Board selected Dr. David Podell. Chairman Peisch acknowledged that it was a clear choice that this was the best candidate. Chairman Peisch continued by discussing the professional background and accomplishments of the candidate. He then turned the discussion over to MassBay Committee Vice Chair, Sylvia Beville, for any additional comments. Ms. Beville only wanted to highlight that the candidate impressed the search committee with his ability to listen, arrive at strategies and to be detailed. There being no further remarks from Ms. Beville, Chairman Peisch turned the meeting over to Dr. David Podell for remarks.

Candidate David Podell began by expressing gratitude for the opportunity. Dr. Podell continued with his introduction by elaborating on his current position at Marymount Manhattan College. He then summarized his professional and educational background, highlighting his experience in both private and public higher education. He concluded his remarks by summarizing why he wants to be the next President of MassBay and why he believes he would be the best fit for the position, highlighting in this regard his knowledge and experience addressing funding and resource issues, enrollment management, and innovative programs to address developmental and remedial needs.

Chairman Gabrieli thanked Dr. Podell for his remarks and asked Board members if they had any questions. Questions from Board members touched upon the candidate's experience in increasing retention rates, developmental math, diversity, working with limited resources and funding, and online learning.

There being no further discussion, Chairman Gabrieli called for a motion. The following motion to approve the appointment of Dr. David Podell was duly made, seconded and passed unanimously by all Board members present:
