BOARD OF HIGHER EDUCATION TUITION WAIVER PROGRAM GUIDELINES

PURPOSE:

A founding principle of the Tuition Waiver Policy adopted by the Board of Higher Education is the belief that the benefits of higher education must be available to all citizens. The Board of Higher Education has developed a system of financial aid policy designed to assure and maintain access to the Commonwealth's public colleges and universities. An underlying goal of the policy is that future public sector tuition increases be matched with a concomitant increase in the maximum award for the financially neediest students. Further, financial aid provides an important tool for improving student quality and collaborations that enhance the efficiency and effectiveness of the system.

The Tuition Waiver Program, originally developed in 1981 to offset tuition increases and declining federal dollars, is fundamentally designed to provide financial support to those individuals who would be denied the opportunity for higher education without such assistance. Over the years, tuition waivers have been utilized as supplemental scholarships in campus-based financial aid packaging strategies. Thus, they represent an important mechanism for campuses to assist needy students.

The Legislature, following the principles of the financial aid policy outlined in the Task Force Report on Financial Aid, mandated that a single Tuition Waiver Program be developed. The single Tuition Waiver Program consists of several components designed to ensure maximum access for Commonwealth residents and provide incentives for improving student quality and institutional collaboration as follows: need based waivers, categorical waivers, graduate tuition waivers, and additional categories of waivers as approved by the Board of Higher Education.

Institutions may petition the Commissioner for a base allocation adjustment due to extenuating circumstances. All petition approvals are at the sole discretion of the Commissioner.
- b) **Supplemental Allocation:** In recognition of the need to offset increased tuition costs, the Commissioner may provide a campus with a supplemental allocation.
