

Are you a STEM student transferring to the University of Massachusetts Dartmouth this Fall?

You are encouraged to apply for this free, summer transfer academy available to all Massachusetts community college STEM graduates who have been accepted for transfer to the University of Massachusetts Dartmouth for the Fall 2020 semester.

Program Overview:

- Take a 3-credit, **tuition-free** summer course from a pool of online, in-person, or blended courses at UMassD during second 5-week session (July 13th-August 14th)
- Receive one-on-one advising
- Meet with STEM faculty and learn about research opportunities
- Connect with other transfer students through panel discussions and mentoring
- Become familiar with campus resources and support services

Eligibility Requirements:

- Must participate in required orientation sessions/workshops during Summer 2020
- Must enroll in a Summer Session II course as part of STEM program of study

*Students who complete the required orientation sessions and summer coursework are guaranteed to receive at least a \$300 stipend (this amount may be increased if funding allows)
