

Using MSTeams to Organize for the NECHE Comprehensive Review

NECHE2023@UML.EDU

- Taking offered advice to heart
- Timeline planning
- Special teams
- Logic model
- Document room
- Collaboration
- Coming next: standards teams

Continuous improvement goals for the process:

- Smaller working groups
- Create sustained focus on continuous improvement efforts with periodic reporting built in
- More interaction among the groups
- Provide more concrete writing goals to teams to promote greater consistency in the draft materials (in process, use interim report, templates)
