## Data Collection and Waiver Submission Portal

**All Institutions of Higher Education in Massachusetts must submit the information herein to the Massachusetts Department of Higher Education pursuant to Chapter 337 of the Acts of 2020**

The 2021 Campus Sexual Assault Law is one of the first state laws of its kind specifically focused on campus responses to sexual violence. The law applies to both public and private higher education institutions located in the Commonwealth and authorized to grant degrees and has two major sections: a section pertaining to the requirement that all institutions conduct sexual misconduct climate surveys at least once every four years; and another section which imposes specific policy, procedure and **reporting requirements** on institutions' efforts to identify, prevent, and respond to sexual misconduct.

This online portal will serve to fulfill the requirement that institutions report specific sexual misconduct incident data, as required by the law; as well as provide a user-friendly mechanism to provide status updates and documentation related to local law enforcement agency (LEA) memoranda of understanding (MOUs), registration and waiver requests related to Sexual Assault Crisis Service Centers (SACSCs), and additional Campus Safety and Violence Prevention (CSVP) information. For more information on the 2021 Campus Sexual Assault Law and other CSVP matters, please visit our website.

## SACSC Registration and Waivers

Pursuant to the 2021 Campus Sexual Assault Law, an institution that does not provide its own sexual assault crisis service center (SACSC) shall enter into and maintain an MOU with a community-based sexual assault crisis service center funded by the department of public health (DPH) and a community-based domestic violence program (DVP) funded by DPH.

Institutions that already have such services in place on-campus are exempt from this statutory requirement.

An institution that plans to add to or adjust its existing on-campus services to meet the intent of the statute should have made progress or fully achieved these efforts in Implementation Year 1. IHEs that do not offer such services on-campus are expected to engage in good faith efforts to secure the statutorily required MOUs.

If an institution is encountering challenges in this process despite its good faith efforts, and/or requires additional time, it may request a waiver through this annual report.

Please indicate in the fields below whether the institution already has an SACSC, has entered into an MOU with at least one community-based SACSC and DVP funded by DPH, or is seeking a waiver from this statutory requirement at this time.
